

CONSTRUCTION & ROAD CLOSURE ALERT

HEAVY CONSTRUCTION BEGINNING AT CONEJO AVE IN FRESNO COUNTY

ISSUED: AUGUST 9, 2018

FRESNO, CALIF. – The California High-Speed Rail Authority (Authority), in cooperation with design-build contractor Dragados-Flatiron Joint Venture (DFJV), announces heavy construction from Conejo to Peach avenues in Fresno County starting Monday, Sept. 10, 2018 and will continue through 2020.

Crews will begin work on a viaduct that will cross over the BNSF mainline tracks, East Conejo Avenue and South Peach Avenue, and require the closure of Topeka Avenue during one phase of construction. When complete, the structure will be nearly 2,200 feet long and more than 150 feet across at its widest point.

This work is being performed by design-build contractor Dragados-Flatiron Joint Venture (DFJV) as part of Construction Package 2-3 (CP 2-3), the 65-mile stretch of high-speed rail between East American Avenue in Fresno County and one-mile north of the Tulare-Kern County line.

Heavy construction activity at Conejo and Peach avenues along the high-speed rail alignment. Work will begin Monday, Sept. 10, 2018 and continue through 2020.

Intermittent closures on Conejo and Peach avenues will be required, as well as closures to Topeka Avenue, which will ultimately become a cul-de-sac.

Signage will be in place to direct traffic. Flaggers will be present during intermittent road closures.

This schedule is subject to change. For up-to-date information please visit BuildHSR.com or the [Caltrans Quickmap](#). Traffic laws will be fully enforced and commuters are expected to be aware of the surrounding activities, remain alert and watch for construction vehicles and personnel. The public is asked to drive carefully and be extra cautious while traveling through construction areas.
